

Reinforced Concrete Pipe Gaskets

Profile Gasket

O-Ring Gasket

Rinker Materials uses a wide variety of gasket materials and shapes for the various products that it manufactures. The material can vary from the standard isopropylene to oil resistant neoprene and various other specialty materials. The shapes can vary greatly depending upon application, from the round O-Ring, to various profile shapes. Special shapes can also be obtained to meet varying application requirements. Contact a Rinker Materials representative for additional information.

Uses:

Storm drains, culverts, storm sewers and sanitary sewers.

Specifications:

ASTM C 361 *Standard Specification for Reinforced Concrete Low-Head Pressure Pipe*

ASTM C 443 *Standard Specification for Joints for Concrete Pipe and Manholes, Using Rubber Gaskets.*

ASTM C 1619 *Standard Specification for Elastomeric Seals for Joining Concrete Structures*

AWWA C 302 *Reinforced Concrete Pressure Pipe, Noncylinder Type*
